

NEW HALL COMMITTEE – DECEMBER 2018

June Bergman

- Member of St Pius X Parish
- Volunteer in many ministries including: Eucharistic minister, marriage preparation, garden, and parish council as chair for 3 years
- Family Physician and innovator of new medical service models including primary care networks, shared care, low risk maternity, and urgent care centers
- Supports excellence in health through improved governance, introducing quality management to primary care and research demonstrating effectiveness of care models
- Multiple program development in the community including early childhood education, scouts programming, marriage preparation, and educational programs for gifted students
- Fun fact: Mother of three sons and grandma to 7

Jamie Clark

- Member of St. Pius X Parish
- Graduated from McGill University with a Bachelor of Science degree in Architecture and a Masters in Architecture
- Masters of Criminology from the University of Cambridge
- Before founding Systemic, completed over \$1 billion worth of construction in western Canada ranging from office towers to housing, mixed use, and industrial buildings
- Has worked successfully both with private developers and not-for-profit groups
- The flagship project during the first fifteen years of his career was the \$400 million SAIT Trades & Technology Complex, for which he was the designer-in-charge and development permit applicant to the City of Calgary
- Fun Fact: Jamie is a photographer and visual artist, and is active in Calgary's arts community

Glen Jones

- Member of St. Pius X Parish
- Recipient of St. Pius X Stewardship Award
- Volunteer in various ministries including: member and chair of St. Pius Liturgy Committee for over 25 years, member of diocesan liturgy and RCIA committees, member of previous church renovation committee, two terms on parish council, lector, and A/V support
- Supervised up to 70 employees in a global team
- Managed several development projects as project manager and project owner
- Fun fact: Glen loves cooking and has taken several cooking classes through SAIT

NEW HALL COMMITTEE – DECEMBER 2018

Rob Koller

- Member of the St. Pius X Parish
- Chairman of the St. Pius X Parish Finance Committee since 1995, which oversaw the Facilities Expansion Initiative relating to the acquisition of various properties and the significant renovation of the St. Pius X church and surrounding premises, including the parking lot
- Partner with Deloitte LLP
- Specializes in business valuations, litigation support and damage quantification, and business insurance claims consulting
- Member of the Institute of Chartered Accountants of Alberta and the Canadian Institute of Chartered Business Valuators
- Fun fact: Rob has five children and enjoys playing hockey.

Kate Merkowsky

- Member of St. Pius X Parish
- Volunteer coordinator for four long term facilities here in Calgary
- Oversees the recruitment, screening, orientation and supervision of approximately 230 active volunteers
- As the volunteer, program and event coordinator for the Victoria Hospital foundation in Prince Albert, Saskatchewan, coordinated major fundraising events including volunteer supervision, donation solicitation and fundraising events
- Fun fact: Kate is a race official with luge Canada

Michael Morand

- Member of St. Pius X Parish
- Worked with volunteer organizations such as the Hawkwood Community Association, serving as Planning Director, Vice-President, and President. While working as Planning Director, reviewed development permit applications for Hawkwood and worked with the impacted community members to reach agreement with developers on projects
- Prior to retirement in 2017, chaired a Canadian Association of Petroleum Producers (CAPP) committee consisting of provincial regulatory officials, oil companies, and technical organizations
- Has been involved with many capital projects which required obtaining various classes of cost estimates, making schedules, evaluating risks and uncertainties, and establishing project work plans
- Worked with Alberta and BC regulatory bodies to obtain project permits and consulted with First Nations to explain potential project impacts on the environment, as well as their social economic benefits
- Fun fact: Looking forward to celebrating our grandson's first Christmas. Enjoys fly fishing and metal detecting
