Option Evaluation Scorecard

Option Evaluation Scorecard

To better understand the perspectives of parishioners, the Parish conducted Conversations in Spirit to explore values, experiences of parishioners, and hopes for the future of the parish community. The key themes emerging from recent discussions were community, spiritual development and service. Now, the New Hall Committee and Church leadership invite you to evaluate the options for the future of our parish buildings. Take a moment to reflect on the needs of our current parish and that of the generations to come. Review each option carefully, keeping in mind the spirit of our community. Using the evaluation criteria below, developed based on recent discussions and emerging themes from parishioner input, please provide each option a score from 1 to 5 for each value. Please complete this evaluation and return it at Mass or to the office by **Monday, March 31**.

For each question, choose a rating from **1 to 5** based on how well the option meets the needs of the parish:

- 1 – Not at all** → This option does not support this need and has major concerns.
- 2 – Needs improvement** → This option addresses some parts of this need but has important gaps.
- 3 – Okay** → This option meets the basic need but could be stronger.
- 4 – Good** → This option supports this need well, with only minor limitations.
- 5 – Excellent** → This option fully supports this need and is a great fit.

RATE EACH QUESTION (SCALE OF 1 TO 5):	OPTION 1 NO CHANGE	OPTION 2 FUNDRAISE	OPTION 3 PARTIAL REDEVELOPMENT	OPTION 4 FULL REDEVELOPMENT
1. COMMUNITY How well does this option support a welcoming and inclusive parish environment that fosters social gatherings and meaningful relationships?				
2. COMMUNITY How effectively does this option provide appropriate spaces and opportunities to serve parishioners of all life stages, from children to seniors, in faith, fellowship, and pastoral care?				
3. COMMUNITY How effectively does this option provide physical accessibility, seating, lighting, acoustics, and other features that ensure all parishioners can fully participate in church life?
